July 2 – July 20, 2018 9:00 a.m.-Noon
Morning Care 8:00-9:00 a.m. and Extended Day Noon-4:00 p.m.

Academic Remediation Daily Schedule

9:00-9:15 Warm-up activities
9:15-10:15 Language Arts
10:15-10:30 Recess
10:30-12:00 Math

LANGUAGE ARTS:

Grades K-4th

Phonics, Reading and Writing

The Phonics/Reading curriculum is focused on intervention and remedial skills. It is designed to give students additional opportunities to grasp concepts such as: phonemic awareness, rhyming, letter-sound relationships, and letter recognition, reading fluency, comprehension skills, recognizing simple sight words, sentence structure, and vocabulary development.

Writing curriculum will focus on conventions of writing, sentence structure, spelling, and penmanship.

Grades 5-8

Language Arts curriculum will focus on: phonemic awareness, vocabulary, reading fluency, oral and written communication, reading for meaning, and comprehension. Students will be presented with short stories to explore throughout the course. This will include emphasis on critical thinking skills, expanding vocabulary, and opportunities for small group discussions.

MATHEMATICS

Grades K-4

The Math curriculum focuses on improving the comprehension of basic math skills including: counting, time, money, number sense, problem solving and mathematical reasoning.

Grades 5-8

Students will focus on basic math concepts, problem solving skills, proficiency and accuracy, number sense, and mathematical reasoning. Students will practice effective study skills and test preparation.

Incoming students will be assessed using STAR Renaissance assessments during the first week of Summer School. End of 3rd trimester STAR assessments will be utilized for students from Queen of All Saints and other diocesan schools.

Homework: Students are encouraged to read nightly and record their reflection in a journal.
